UNIFORM COLLATERAL DATA PORTAL

Schedule

Terms and Conditions

Part I

LICENSED APPLICATION/ADDITIONAL TERMS

1. Licensed Application. Fannie Mae's application known as the Uniform Collateral Data Portal or UCDP (the "Licensed Application"), is licensed pursuant to this Schedule and the Master Terms and Conditions between Fannie Mae and Licensee (the "Master Terms") into which this Schedule is incorporated. As of the effective date of this Schedule, the Licensed Application will include certain functionality and features relating to the delivery of appraisal data.
2. UCDP. The Licensed Application is a joint GSE portal for the electronic collection of appraisal data. If applicable, Licensee may be authorized by a lender to use the Licensed Application on behalf of such lender. When submitting appraisal data to the Licensed Application, Licensee may designate the appraisal data for delivery to one or more GSEs. Licensee's disclosure of a UCDP Doc File ID to a third party, including a lender, shall be deemed to be Licensee's consent to the third party's access to that collection of data assigned to such UCDP Doc File ID (for which Fannie Mae shall have no liability), and authorization to Fannie Mae to provide the third party with such access and data.
3. Integration. Licensee may choose to implement and/or develop one or more interfaces that will transfer data electronically between a mortgage-related system and the Licensed Application. In the event that Licensee places such an interface into production, the following terms will apply:
 - (a) Except as expressly permitted, Licensee agrees to maintain the interface in good working order and, along with the mortgage-related system, at all times compatible with the most current version of the Licensed Application. Licensee understands and agrees that errors and deficiencies in the performance of the Licensed Application, including without limitation accuracy of results, may result from Licensee's failure to perform such maintenance and Fannie Mae will bear no responsibility for them.
 - (b) Licensee grants Fannie Mae a limited, non-exclusive, non-transferable, royalty-free license (i) to access and use the interface and mortgage-related system, solely in executable form, and (ii) to use and reproduce Licensee's supporting documentation for the interface and mortgage-related system for internal purposes and support of Licensee.
 - (c) Licensee will designate and make available to Fannie Mae qualified personnel to promptly respond to technical questions pertaining to the interface and the mortgage-related system (as integrated with the Licensed Application).
 - (d) Licensee will use reasonable efforts to ensure that the interface and data transmitted by the interface will be free of all known bugs, viruses and other functions, routines, devices and instructions which may create any unauthorized access to, or interruption in the functioning of, the Licensed Application or Fannie Mae's systems.
4. Rights in Data. Without limiting the terms of the Section of the Master Terms entitled "Rights in Data," Fannie Mae, its agents and contractors may use, reproduce, distribute and retain all data that is submitted to the Licensed Application and designated in the Licensed Application for delivery to Fannie Mae for modeling and analytics, and to provide data and services to Fannie Mae customers, mortgage insurers, regulators, government agencies and GSEs in compliance with all laws and regulations. With respect to data associated with mortgage loans securitized by Fannie Mae, or in which Fannie Mae has an ownership right or interest, Fannie Mae may also use, reproduce, distribute and retain such data for all other purposes.
5. Indemnification. Subsection (d) of the Section of the Master Terms entitled "Indemnification" shall

be expanded to also provide indemnification in the event of any breach of Section 3 of Part I of this Schedule.

6. Survival. In addition to the provisions referred to in the Section of the Agreement entitled "Survival," Section 4 of Part I of this Schedule shall survive any termination of this Schedule or the Agreement.

Part II
