PFI Advisory

Announcing a New MPF Publication:

The MPF Program is issuing a new type of publication: the "PFI Advisory". The PFI Advisory will be used to provide clarification, interpretation, or a reminder of existing MPF Guide and/or Program requirements. This publication will not provide new MPF Guide requirements but will serve as a communication tool to explain existing policy requirements under the MPF Guide and/or Program. The PFI Advisory may be sent to all PFIs and other MPF Guide subscribers, or to a targeted group, as needed according to the topic. All PFI Advisories will be made available on the eMPF™ website at www.fhlb-mpf.com and through Allregs®.

If you have any questions about this advisory, please contact your MPF Bank Representative or call the MPF Help Desk at 877-463-6673.
