The MPF Program is pleased to announce the addition of several short tutorials to the MPF Education section of its public website, www.fhlbmpf.com. The tutorials are designed to assist PFIs in using the Program's eMPF[®] transactional website and cover some of the most common inquiries received:

- Funding an MPF Loan
- Opening an MPF Portfolio Product Delivery Commitment
- Changing a PFI Loan Number
- Resetting an eMPF Password

These tutorials can be accessed by your staff 24 hours a day, 7 days a week directly from their desktops to assist them in completing these basic eMPF tasks.

To access these tutorials and our other on-demand webinars from our public website, click on the MPF Education link located in the left navigation bar. In addition, PFIs can find a direct connection to the eMPF transactional website under the link, eMPF Website. Remember to check our website periodically as we continue to make updates and add new features.
