

All servicers are required to register for Computershare's ServicerConnect[®], a secure online portal, to report MPF Mortgage Loan activity.

Note: If you currently have a User ID for CTSLink and CTS Direct for the MPF[®] Program, you can bypass the registration process and proceed to sign-on.

Steps to register for ServicerConnect:

1. Access the ServicerConnect portal using: www.servicerconnect.com

The screenshot shows the ServicerConnect portal homepage. The top navigation bar includes the Computershare logo, the text 'ServicerConnect', and a link for 'About Computershare'. The main content area is divided into three sections: 'Sign On', 'Welcome to ServicerConnect', and 'Quick Links'. The 'Sign On' section is a purple box containing a 'User ID' input field, a 'Password' input field, a 'Login' button, and links for 'Forgot user id', 'Reset my password', and 'Register for access'. The 'Register for access' link is highlighted with a red box. The 'Welcome to ServicerConnect' section contains a welcome message and a description of the service. The 'Quick Links' section contains links for 'Standard Reporting Requirements' and 'Fraud Protection'.

2. Select the **Register for Access** link located under 'Reset my password' link in the Sign On section of the home page.
3. Review the **Terms and Conditions** page to understand the rules for accessing this service and operating this site.
4. Click on the **Accept** button at the bottom of the page **if you agree** to the Terms and Conditions.
 - a. This allows you to proceed with the registration process.
5. Click on the **Decline** button at the bottom of the page **if you do not agree** to the Terms And Conditions.
 - a. This will return you to the ServicerConnect homepage.

6. Enter your **Account Contact Information** into the following required fields:
 - a. User ID – create a user id for your account
 - b. Email Address – your work email address
 - c. Confirms Email – confirm your email address
 - d. First Name – your first name
 - e. Last Name – your last name
 - f. Company – the name of your Servicing
 - g. Shop Business Type – this will always be
 - h. Servicer Location – Select your location
 - i. Mailing Address – your work address
 - j. City – the city where you work
 - k. U.S. State – the state where you work
 - l. Zip/Postal Code – the zip code for your work address
 - m. Primary Phone # – your business phone number
 - n. Alternate Phone# – secondary business phone number
 - o. Accounts Activation Code – choose the preferred phone and delivery method where your verification code will be sent.
7. Click the **Continue** button to submit your information.
 - a. The system will save your profile data and create your User ID.
 - b. Note: The Reset button will refresh the screen. Once complete you will need to accept consent
8. Once your validation code is received via voice or text, enter the code and click continue at the bottom of the screen.

New User Setup

✓ Your Validation Code has been sent.

Enter the Validation Code you received and select **Continue**.

*Validation Code

Your Validation Code will be valid for eight minutes.

If you have not received your Validation Code after two minutes, you may request to have a new Validation Code sent. Requesting a new code will deactivate prior codes.

[Continue](#) [Cancel](#) [Help](#)

9. You will need to write or copy the validation code; it will be needed to complete the next step in your registration process.
 - a. This action notifies Computershare that you made a request for access.
 - b. The system will send a code to your chosen telephone number using your selected delivery method.

Registering for ServicerConnect®

10. Enter the validation code received for the previous screen and create a password following all password requirements.
11. Re-enter the same password and click the create button at the bottom of the screen.
12. Once the Create button is clicked, the user should receive a verification code sent to their business email used to register for ServicerConnect.

New User Setup

* Required Field

* New Password Show

* Re-enter Password Show
