Chapter 1 Overview

Under the Specialized Loan Servicing (SLS) servicing released option, a Federal Home Loan Bank (MPF Bank) purchases whole loans (Mortgage Loans) from a Participating Financial Institution (Selling PFI). The MPF Bank concurrently transfers the Mortgage Servicing Rights (MSRs) to the Federal Home Loan Bank of Chicago (MPF Provider), unless the MPF Bank is the MPF Provider, for sale to Specialized Loan Servicing. Mortgage Loans sold under this arrangement will be referred to as Serviced Loans. In this Manual, "Servicing Released" is used interchangeably with "whole loan" transactions to refer to the Selling PFI's sale of whole loans including the servicing under the MPF Program. The Selling PFI will sell the Serviced Loan and transfer the servicing in accordance with the terms of the Participating Financial Institution Agreement ("PFI Agreement") and this manual ("Manual").

The Selling PFI will remain liable for origination representations and warranties, servicing prior to the effective servicing transfer date and for Credit Enhancement obligations for the Serviced Loan arising under the PFI Agreement of the Selling PFI.

In order to participate in whole loan transactions, prior to selling Mortgage Loans, the Selling PFI must:

1. Be an approved PFI for selling and servicing under the MPF Guides.
2. Be a member of MERS, or become one, at a minimum of the Residential Lite level. The MPF Bank will help facilitate the Selling PFI's MERS application, if necessary.
3. Execute the MPF Product Master Commitment for selling loans on a whole loan basis under the applicable MPF Product with the MPF Bank.
 - a. The MPF Bank will provide the following information on the Master Commitment:
 - Servicer: Specialized Loan Servicing
 - Servicer Number: 6338
 - Remittance: Actual/Actual
 - b. PLEASE NOTE: The above instructions are for new MCs executed on or after 11/1/2021. For MCs which are active prior to 11/1/2021, no action needs to be taken by the FHLBank or PFI as those MCs will be transferred to SLS in the MPF Systems. Any and all amendments to new or existing MCs should reflect SLS.
4. Provide to the MPF Bank a completed PFI Information Sheet (Exhibit 1).

1.1 Organization of the Manual

With respect to the sale of Serviced Loans by a Selling PFI, all provisions of the MPF Guides, the PFI Agreement and this Manual shall apply.

All capitalized terms used but not defined in the Manual shall have the meaning provided in the MPF Guides or the PFI Agreement. All references to "Serviced Loan" in this Manual shall be understood to refer to a Mortgage Loan sold by a Selling PFI to an MPF Bank.

Chapter 2 Servicing Released Premium (SRP) / Pricing Schedule

The Servicing Released Premium (SRP) Pricing Schedule is available on the eMPF Website under the Pricing tab. The SRP Pricing Schedule represents the SRP percentage for the Servicing Rights. The SRP percentage will be applied to the UPB delivered to determine the SRP amount due to the Selling PFI. The date of funding of a Serviced Loan by the MPF Bank shall be referred to in this Manual as the Funding Date.

1. The SRP Pricing Schedule will be displayed on the eMPF Website and shall remain in effect until a new SRP Pricing Schedule becomes effective. Specialized Loan Servicing and the MPF Provider reserve the right to change pricing at any time.
2. The SRP Pricing Schedule is live between 8:30 a.m. and 3:30 p.m. CST.
3. The SRP will be automatically locked when the Selling PFI enters into a Delivery Commitment.

Changes to the SRP Pricing Schedule will be effective for Delivery Commitments issued on or after the stated effective date on the SRP Pricing Schedule. The Selling PFI is responsible for determining the effective SRP Pricing Schedule in effect on the Delivery Commitment date as it is the only schedule that will be honored. The Selling PFI is responsible for checking the eMPF Website for updates to the SRP Pricing Schedule given the SRP Pricing Schedule may change intraday.

Chapter 3 Mortgage Origination and Purchase

3.1 Origination and Underwriting

Serviced Loans must be originated and underwritten by the Selling PFI in accordance with all federal, state and local regulatory requirements, the MPF Guides, the applicable Government Agency guidelines, the PFI Agreement and this Manual.

To be eligible for delivery, the following overlays apply:

- All Mortgages:
 - A minimum loan term of ten (10) years
- For all non-streamline Government Loans:

Program Credit Matrices				
Gov Loan Type	Maximum		FICO Requirements	MAX DTI
	LTV	CLTV		
FHA	Per Agency Guidelines	Per Agency Guidelines	≥ 700	>50%
			Per Agency Guidelines	≤50%
VA	Per Agency Guidelines	Per Agency Guidelines	≥ 700	>45%
			Per Agency Guidelines	≤45%

The following types of loans are prohibited:

- Mortgage Loans secured by properties in the U.S. Territories,
- HUD 184
- Manufactured Housing (only VA loans)

3.2 Closing

Serviced Loans must be closed by the Selling PFI or its agent in accordance with the MPF Guides and this Manual. No "interest credit" due to the Borrower from the Selling PFI will be permitted.

3.3 Purchase of Serviced Loans

Purchase of the Serviced Loans will be processed through two payments. The MPF Bank will purchase the whole loan and will assign the MSR to the MPF Provider (if the MPF Bank is not the MPF Provider). The MPF Provider will concurrently sell the MSR to Specialized Loan Servicing who will provide the SRP to the Selling PFI on behalf of the MPF Bank. The

Selling PFI should contact their MPF Bank if payment is not timely received from Specialized Loan Servicing. If the MPF Provider and the MPF Bank determine that Specialized Loan Servicing will not fulfill its obligation to the Selling PFI on the MPF Bank's behalf, the MPF Bank will pay the Selling PFI the SRP.

3.3.1 Purchase by the MPF Bank

Purchase of the whole loan by the MPF Bank will be completed via the eMPF Website. The Selling PFI must sell to its MPF Bank each Serviced Loan in accordance with the MPF Guides. The Selling PFI may sell to the MPF Bank either i) newly originated Serviced Loans with the first payment due to SLS or ii) Serviced Loans with up to two (2) payments applied.

Upon determination that a Serviced Loan can be purchased as presented, the MPF Bank will initiate the funding of the loan asset amount to the PFI's main account at their MPF Bank. Typically, all transactions for the loan asset will occur on the same Business Day as the loan funding request. The purchase of a Serviced Loan will be confirmed with the Transaction Confirmation and Loan Funding Activity Report delivered to the Selling PFI on the Funding Date. The Transaction Confirmation and Loan Funding Activity Report will supply the Selling PFI loan level information and summary of the loan asset.

3.3.2 Payment for the MSRs

Specialized Loan Servicing will make the SRP payment to the Selling PFI following the review and acceptance of the imaged Mortgage Loan File. Specialized Loan Servicing will email a Funding Memo to the Selling PFI on a per Serviced Loan basis (Exhibit 2). The Selling PFI is to confirm the amounts in the Funding Memo and if the amounts are correct select the [Accept](#) hyperlink embedded in the body of the Funding Memo email. However, if there is an error in the calculation of the amounts the Selling PFI can select the [Reject](#) hyperlink. When rejecting a Funding Memo, supply a reason for the rejection and attach any applicable supporting documentation. An automated email will open with a pre-populated subject line. Note: Changing the subject line will result in delayed funding. Specialized Loan Servicing will review the documentation and a new Funding Memo will be emailed to the Selling PFI for approval.

Upon receipt of the approved Funding Memo email, Specialized Loan Servicing will wire the SRP payment, net of the required escrow balance and fees, on the Specialized Loan Servicing date as specified on the Funding Memo. Should the netting of the escrows and fees result in a negative amount, the Selling PFI must wire the amount owed to Specialized Loan Servicing within two (2) Business Days of receiving the Funding Memo as instructed in Exhibit 3.

The SRP to be paid for the MSRs with respect to the Serviced Loan will be an amount equal to the SRP percentage set forth in the SRP Pricing Schedule in effect on the date on which the Delivery Commitment covering such Serviced Loan was issued, multiplied by the amortized unpaid principal balance (UPB) of such Serviced Loan

as of the Funding Date. If the amortized UPB is found to be incorrect, the SRP shall be adjusted and the payment will be made by the appropriate party. The SRP payment will be a net funding of the SRP purchase price minus total escrow balances and all related fees.

3.4 Servicing Transfer

The Selling PFI shall provide a Notice of Servicing Transfer (Exhibit 4) or a substantially similar form to the Borrower at Closing or at such time as may be required by RESPA and other Applicable Laws and regulations. The Selling PFI represents and warrants that all servicing transfer notices provided to the Borrower shall:

- Include accurate effective servicing transfer date;
- Include accurate and complete contact information for SLS: and,
- Comply with all Applicable Laws.

Prior to the transfer of servicing of the Serviced Loan, the Selling PFI will service the Serviced Loan in accordance with the MPF Guides.

3.3.1 Servicing Transfer Date

The effective date of servicing transfer (i.e. the date on which Serviced Loan payments should first be sent to SLS) is determined according to the following:

- Serviced Loans purchased on or before the 12th calendar day of the month will have the first payment due to SLS on the 1st day of the next month.
- Serviced Loans purchased after the 12th calendar day of the month will have the first payment due to SLS on the 1st day of the month following the next due month.

	Example 1	Example 2	Example 3
Funding Date	1/10/21	1/25/21	2/5/21
1st Borrower Payment Date Due SLS	2/1/21	3/1/21	3/1/21
Servicing Transfer Date	2/1/21	3/1/21	3/1/21

For all Serviced Loans with payments applied, the loan amount and escrow balances must be amortized appropriately at the Funding Date. The Selling PFI is responsible for any losses incurred if the Borrower fails to pay any payment due prior to the effective servicing transfer date.

The Selling PFI is required to populate the Servicer field in MERS.

The Selling PFI is responsible for the Initial Certification and Final Certification of the Collateral Files, resolving Initial and Final Certification issues with the MPF Program Custodian, and payment of all fees imposed for uncertified documents or custodial Initial and Final Certification Exceptions (see the MPF Guides). All Government Serviced Loans must receive Final Certification within twelve (12) months of the Funding Date or as according to the MPF Guides. The Recorded/Final documents listed in Exhibit 6 are to be sent to Bank of New York Mellon in accordance with section 5.3 of this Manual.

Any Serviced Loans that do not meet the Initial Certification and Final Certification requirements must be repurchased in accordance with MPF Guides and this Manual. For all repurchased loans, the Selling PFI must wire the SRP refund amount and loan repurchase amount to Specialized Loan Servicing in accordance with Chapter 7 of this Manual, unless otherwise instructed by its MPF Bank.

4.5 Document Access – Selling PFI

The Selling PFI may request and obtain the Collateral File from the MPF Program Custodian in order to correct Initial Certification exceptions up until the point of Initial Certification. After Initial Certification, the Selling PFI may not request the Collateral File from the MPF Program Custodian.

The Selling PFI must follow prudent business practices in protecting and safeguarding all documents released to it by the MPF Program Custodian until these documents are returned to the MPF Program Custodian, as required by the MPF Guides.

Chapter 5 Servicing Provisions

5.1 Mortgage Loan File Delivery Time Frame and Stacking Order

Within seven (7) calendar days after the Funding Date, the Selling PFI must upload the Mortgage Loan File containing images of the documents listed in the Mortgage Loan File Checklist (Exhibit 5) for each Serviced Loan. The Mortgage Loan File is to be delivered utilizing the eMPF Website via the Upload Utility. The uploaded Mortgage Loan File will be automatically transferred to Specialized Loan Servicing for review.

The Mortgage Loan File delivered electronically through the eMPF Website must be a .pdf. All documents should be saved into one file when creating the Mortgage Loan File. The PFI Document Upload tab can be found under the Upload header of the eMPF Website. Select “Servicing Transfer” from the Document Category menu. Select the applicable Serviced Loan. Under the “Servicing File Doc” browser, browse for the Mortgage Loan File. Once the Mortgage Loan File has been selected click the submit button for document submission. When the Mortgage Loan File has been successfully uploaded the current date will appear under the Servicing Doc column.

5.2 Review and Acceptance of the Mortgage Loan File

Specialized Loan Servicing will review each Mortgage Loan File upon receipt from the MPF Provider in order to:

- Determine that all required data/documents have been provided;
- Review that the Mortgage Loan File and the Serviced Loan comply with the terms of this Manual; and
- Provide a Funding Memo upon review and acceptance of the Mortgage Loan File.

If Specialized Loan Servicing determines that the Mortgage Loan File for the related Serviced Loan is not in compliance, the deficiencies will be cured as follows:

1. Specialized Loan Servicing will issue a notification, via email, identifying deficiencies that will need to be addressed. If the deficiencies are determined by Specialized Loan Servicing to be critical, the Selling PFI will have one (1) Business Day to correct the deficiencies. If the deficiencies are not critical the Selling PFI will have fifteen (15) Business Days to address the deficiencies. If a deficiency notification is due to missing documents the Selling PFI is to provide the identified missing documents through the PFI Document Upload Utility as instructed in section 5.1.
2. If the Selling PFI fails to cure the Mortgage Loan File deficiencies before the timeframe stated in the notice, Specialized Loan Servicing will attempt to cure the deficiencies. If

Specialized Loan Servicing or the MPF Provider incurs any cost while curing the deficiencies, the Selling PFI will be billed for such cost.

3. If Specialized Loan Servicing is unable to cure the deficiencies in a reasonable time frame, Specialized Loan Servicing will contact the Selling PFI to promptly cure the deficiencies.
4. In the unlikely event that the Selling PFI fails to respond and cure the deficiencies, the Selling PFI may be required to repurchase the Serviced Loan.

If corrections to the information in the loan level data are necessary, the Selling PFI must contact the MPF Provider regarding the corrections. Once the corrections are made, the MPF Provider will provide Specialized Loan Servicing with the data corrections. The MPF Provider may be required to reverse the funding of the Serviced Loan that has been sold in order to correct the loan data. This will result in a new Transaction Confirmation and Loan Funding Activity Report for the Serviced Loan. If the correction affects the SRP paid, the adjustment to the SRP will be made by the Selling PFI to Specialized Loan Servicing or from Specialized Loan Servicing to the Selling PFI, if applicable.

5.3 Recorded/Final Documents

Within ninety (90) calendar days after the Funding Date, the Selling PFI must deliver the documents listed in Exhibit 6 (Recorded/Final Documents Checklist) to Bank of New York Mellon (see Exhibit 7 for address details). All Government Serviced Loans must receive Final Certification from the MPF Program Custodian within twelve (12) months of the Funding Date or as according to the MPF Guides. Proof of the Government Agency insurance or guaranty to complete Final Certification must be provided to the MPF Program Custodian in accordance with the MPF Guides and Section 4.4 of this Manual.

In addition to the delivery of the original documents to Bank of New York Mellon, the Selling PFI must also upload copies of the documents identified in Exhibit 6 to the MPF Provider through the PFI Document Upload Utility. Documents delivered electronically through the eMPF Website must be in a .pdf. All documents should be saved into one file for the Recorded/Final Documents.

The PFI Document Upload functionality can be found under the Upload header of the eMPF Website. Select "Servicing Transfer" from the Document Category menu. Select the applicable Serviced Loan. Under the "Final Doc Upload" browser, browse for the Recorded/Final Documents. Once the Recorded/Final Documents have been selected, click the submit button for document submission. When the Recorded/Final Documents have been successfully uploaded the current date will appear under the Final Doc column.

Specialized Loan Servicing will monitor receipt of the original recorded/final documents and will notify the Selling PFI when documents have not been received within ninety (90) calendar days of the Funding Date. It is the Selling PFI's responsibility to ensure that the information on the Recorded/Final documents (trailing documents) are correct before delivery.

Any questions related to the above may be directed to Specialized Loan Servicing's Document Control team at MSRshipping@Computershare.com.

5.4 Other Fees

Fees will be netted from the SRP payment for the Serviced Loan.

- Tax Service Fee..... \$80
- Conventional Loan Boarding Fee... \$150
- Government Loan Boarding Fee.... \$500

5.5 Escrow Funds

The total Escrow Funds identified in the Mortgage Loan File will be netted from the SRP payment and will be reflected in the Funding Memo delivered to the Selling PFI. If the "Total Proceeds" amount from the Funding Memo is negative the Selling PFI shall wire the funds to Specialized Loan Servicing within two (2) Business Days of receiving the Funding Memo.

If there is a shortage in the escrow balance based on the Selling PFI's error related to the escrow information provided in the Mortgage Loan File, it is the Selling PFI's responsibility to notify Specialized Loan Servicing of the error and wire Specialized Loan Servicing sufficient funds to cover any deficiencies of the Escrow Funds.

5.5.1 Escrow Accounts

When an escrow account is established at Closing for taxes and insurance (PMI, hazard and flood), it is required that escrows are calculated using the maximum cushion permitted in the Serviced Loan documents, or by Applicable Law, whichever is lower. If a lesser amount is escrowed, the Borrower may experience a change in monthly payment shortly after the servicing transfer date.

5.5.2 Escrow Waiver

If escrows are waived, Selling PFIs shall include a signed escrow waiver notice used at Serviced Loan Closing in the Mortgage Loan File.

5.6 Taxes

The Selling PFI must provide a complete and accurate Tax Information Sheet (Exhibit 8), or its equivalent, with the Mortgage Loan File for each Serviced Loan, regardless of

whether or not an Escrow Account is established for the Serviced Loan. This information is required in order to monitor payment of taxes during Servicing. The Selling PFI is responsible for providing accurate Tax Identification Numbers for the subject property of the Serviced Loan. The Selling PFI must ensure that all delinquent taxes, taxes currently due or related tax amounts due within sixty (60) days before or after the effective date of servicing transfer are paid. This includes but is not limited to, base tax amounts, penalties, interest, etc.

Please forward all tax bills to the address in Exhibit 7 under tax bills received by the Selling PFI.

The Selling PFI must make every effort to accurately determine the amount of taxes on the property, including contacting the appropriate tax authority, if necessary.

If a Serviced Loan is secured by new construction, or is an existing property where “improvements” to the property have been completed, taxes made available by the taxing authority may be under assessed. The Selling PFI will make its best effort to estimate the projected taxes.

5.7 IRS Posting

The Selling PFI must file the necessary forms required by Applicable Law with the IRS for transactions that occurred on the Serviced Loan prior to the effective servicing transfer date, and provide the Borrower with an IRS form 1098 as required.

5.8 Hazard and Flood Insurance

5.8.1 Hazard Insurance

The Selling PFI must notify the Borrower’s insurance carrier to change the mortgagee clause as set forth in the form of Exhibit 9. This mortgagee clause change notification must be sent to the insurance carrier no later than fifteen (15) calendar days prior to the effective date of servicing transfer of the loan, including master policies for condominiums and other PUDs.

The Mortgage Loan File should include evidence of hazard insurance, with a mortgagee clause to Specialized Loan Servicing. If an insurance policy is not in the name of Specialized Loan Servicing, the Selling PFI may provide a letter requesting endorsement of the mortgagee clause in the form of Exhibit 9 – Hazard Insurance Notification.

The Selling PFI is responsible for paying all insurance premiums due within sixty (60) calendar days after the effective date of servicing transfer.

The Selling PFI is responsible for any loss incurred as the result of a casualty loss where the loss occurs prior to or on the effective date of servicing transfer of

the Serviced Loan. In the event there is no evidence of insurance coverage on any Serviced Loan as of the effective date of servicing transfer for such Serviced Loan, evidence of insurance coverage shall be provided within five (5) Business Days of written request by Specialized Loan Servicing. If evidence is not obtained, the Selling PFI will be responsible for reimbursing Specialized Loan Servicing for the cost of obtaining the necessary insurance coverage to the extent such costs are not otherwise due, collectible and payable by the Borrower under the Serviced Loan.

5.8.2 Flood Insurance

If a property is located in a special flood hazard zone, the Borrower must obtain flood insurance coverage. Evidence of flood insurance should be included in the Mortgage Loan File, with a mortgagee clause to Specialized Loan Servicing. If an insurance policy is not in the name of Specialized Loan Servicing, the Selling PFI may provide a letter requesting endorsement of the mortgagee clause in the form of Exhibit 10.

The Selling PFI is responsible for paying all insurance premiums due within sixty (60) calendar days after the effective date of servicing transfer.

5.8.3 Flood Zone Determination Certificate

The Selling PFI shall supply Specialized Loan Servicing with the flood determinations for all Serviced Loans. If the Selling PFI does not deliver such flood determinations, the Selling PFI will be charged a fee. The Selling PFI shall pay all costs associated with transferring such determinations to Specialized Loan Servicing. The Selling PFI must notify the flood determination company of the change of servicer information as stated in Exhibit 7.

5.9 Private Mortgage Insurance (PMI)

For any Serviced Loan requiring Private Mortgage Insurance (PMI), the Selling PFI must make required insurance disbursements on loans prior to the effective servicing transfer date. Notification of change of servicer must be sent to the PMI carrier no later than fifteen (15) calendar days prior to the effective service transfer date in the form of Exhibit 11.

5.10 Supplemental Information

Prior to and after the effective date of servicing transfer for a Serviced Loan, the Selling PFI will at its own expense:

- Furnish promptly to Specialized Loan Servicing any supplementary information related to the Serviced Loan which Specialized Loan Servicing or the MPF Provider reasonably requests and which is reasonably available to the Selling PFI; and
- Render reasonable assistance to Specialized Loan Servicing to enable Specialized Loan Servicing to efficiently take over and service the Serviced Loan.

Chapter 6 Other Selling PFI Responsibilities

The Selling PFI will be responsible for compliance with all regulatory requirements related to the origination, closing and servicing of the Serviced Loans and the transfer of the servicing for the Serviced Loans.

6.2 MPF Quality Control

The Serviced Loans will be included in the MPF Program quality control review sample population for the Selling PFI in accordance with the MPF Guides. The Selling PFI will be responsible for providing copies of the required documents upon request from the MPF Provider. Quality Control findings, with respect to the Serviced Loans, will be provided to the Selling PFI. Quality Control findings may be provided to Specialized Loan Servicing.

6.3 Selling PFI Quality Control

The Selling PFI is responsible for conducting in-house quality control reviews in accordance with the MPF Guides.

6.4 Reporting of Servicer to the Government Agency

The Selling PFI is required to notify the corresponding Government Agency of the transfer of servicing of the loan within 15 calendar days of the servicing transfer date as follows:

- For FHA loans, the Selling PFI must report the change of servicer through FHA Connection. The Selling PFI is required to report the change of servicer to Specialized Loan Servicing (“SLS”). The SLS FHA Servicer ID number is 20856.
- For VA loans, the Selling PFI must report the transfer of servicing to SLS through VALERI. SLS’s VA servicer number is 820101.
- For RHS Loans, the servicer (SLS) will send an action code to the RHS/USDA portal to automatically update SLS as the servicer of record. This occurs monthly.

Chapter 7 Defects and Remedies

Specialized Loan Servicing will work directly with the Selling PFI to resolve issues involving, but not limited to, the Mortgage Loan File delivery, loan boarding, Servicing Released Premium (SRP) payments and escrow reconciliation. In the event an issue cannot be resolved, the MPF Provider will act as arbitrator to resolve the issue, and the decision of the MPF Provider will be controlling.

Specialized Loan Servicing will work directly with the Selling PFI in the event of a repurchase request to assist in the transfer of servicing back to the Selling PFI. The Selling PFI will work with Specialized Loan Servicing to refund the SRP Payment and transfer the Serviced Loan.

Any funds due to the MPF Provider or MPF Bank related to the Serviced Loan will be deposited by Specialized Loan Servicing into their account at the MPF Provider. Any funds due to Specialized Loan Servicing, MPF Provider or MPF Bank from the Selling PFI that are not paid in accordance with this Manual will be debited in accordance with its PFI Agreement.

7.1 Notice of Defects or Deficiency

Notification will be sent to the Selling PFI by Specialized Loan Servicing if a Serviced Loan is defective or deficient according to the MPF Guides and this Manual or constitutes a breach of the Selling PFI's representation and warranties. Upon receipt of notification of a Serviced Loan defect or deficiency, the Selling PFI has the responsibility to cure the defect or deficiency within the specified timeframe of the notice.

7.2 Curable Defects

In the event the Selling PFI fails to cure the defect or deficiency or if a Serviced Loan fails to comply with applicable requirements at the time of delivery to Specialized Loan Servicing and the noncompliance or defect remains, Specialized Loan Servicing will take appropriate action to remedy the deficiency at the expense of the Selling PFI. Upon notice, Specialized Loan Servicing will bill the Selling PFI and collect all expenses directly from the Selling PFI.

7.3 Repurchase of Serviced Loans and Loan Servicing Rights
