Chapter 1 Overview

Under the CMC Funding, Inc. (CMC Funding) servicing released option, a Federal Home Loan Bank (MPF Bank) purchases whole loans (Mortgage Loans) from a Participating Financial Institution (Selling PFI). The MPF Bank concurrently transfers the Mortgage Servicing Rights (MSRs) to the Federal Home Loan Bank of Chicago (MPF Provider), unless the MPF Bank is the MPF Provider, for sale to CMC Funding. Mortgage Loans sold under this arrangement will be referred to as Serviced Loans. CMC Funding has engaged Specialized Loan Servicing LLC (“SLS”) to subservice the loans on CMC Funding’s behalf. In this Manual, “Servicing Released” is used interchangeably with “whole loan” transactions to refer to the Selling PFI’s sale of whole loans including the servicing under the MPF Program. The Selling PFI will sell the Serviced Loan and transfer the servicing in accordance with the terms of the Participating Financial Institution Agreement ("PFI Agreement") and this manual (“Manual”).

The Selling PFI will remain liable for origination representations and warranties, servicing prior to the effective servicing transfer date and for Credit Enhancement obligations for the Serviced Loan arising under the PFI Agreement of the Selling PFI.

In order to participate in whole loan transactions, prior to selling Mortgage Loans, the Selling PFI must:

1. Be an approved PFI for selling and servicing under the MPF Guides.
2. Execute the MPF Product Master Commitment for selling loans on a whole loan basis under the applicable MPF Product with the MPF Bank.
 - a. The MPF Bank will provide the following information on the Master Commitment:
 - Servicer: CMC Funding
 - Servicer Number: 6090
 - Remittance: Actual/Actual
3. Provide to the MPF Bank a completed PFI Information Sheet (Exhibit 1).

1.1 Organization of the Manual

With respect to the sale of Serviced Loans by a Selling PFI, all provisions of the MPF Guides, the PFI Agreement and this Manual shall apply.

All capitalized terms used but not defined in the Manual shall have the meaning provided in the MPF Guides or the PFI Agreement. All references to "Serviced Loan" in this Manual shall be understood to refer to a Mortgage Loan sold by a Selling PFI to an MPF Bank.

Chapter 2 Servicing Released Premium (SRP) / Pricing Schedule

The Servicing Released Premium (SRP) Pricing Schedule is available on the eMPF Website under the Pricing tab. The SRP Pricing Schedule represents the SRP percentage for the Servicing Rights. The SRP percentage will be applied to the UPB delivered to determine the SRP amount due to the Selling PFI. The date of funding of a Serviced Loan by the MPF Bank shall be referred to in this Manual as the Funding Date.

1. The SRP Pricing Schedule will be displayed on the eMPF Website and shall remain in effect until a new SRP Pricing Schedule becomes effective. CMC Funding and the MPF Provider reserve the right to change pricing at any time.
2. The SRP Pricing Schedule is live between 8:30 a.m. and 3:30 p.m. CST.
3. The SRP will be automatically locked when the Selling PFI enters into a Delivery Commitment.

Changes to the SRP Pricing Schedule will be effective for Delivery Commitments issued on or after the stated effective date on the SRP Pricing Schedule. The Selling PFI is responsible for determining the effective SRP Pricing Schedule in effect on the Delivery Commitment date as it is the only schedule that will be honored. The Selling PFI is responsible for checking the eMPF Website for updates to the SRP Pricing Schedule given the SRP Pricing Schedule may change intraday.

Chapter 3 Mortgage Origination and Purchase

3.1 Origination and Underwriting

Serviced Loans must be originated and underwritten by the Selling PFI in accordance with all federal, state and local regulatory requirements, the MPF Guides, the applicable Government Agency guidelines, the PFI Agreement and this Manual.

To be eligible for delivery, the following overlays apply:

- All Mortgages:
 - A minimum loan term of ten (10) years
- For all non-streamline Government Loans:

Program Credit Matrices				
Gov Loan Type	Maximum		FICO Requirements	MAX DTI
	LTV	CLTV		
FHA	Per Agency Guidelines	Per Agency Guidelines	≥ 700	>50%
			Per Agency Guidelines	≤50%
VA	Per Agency Guidelines	Per Agency Guidelines	≥ 700	>45%
			Per Agency Guidelines	≤45%

The following types of loans are prohibited:

- Mortgage Loans secured by properties in the state of New York and the U.S. Territories,
- HUD 184
- Manufactured Housing (only VA loans)

3.2 Closing

Serviced Loans must be closed by the Selling PFI or its agent in accordance with the MPF Guides and this Manual. No "interest credit" due to the Borrower from the Selling PFI will be permitted.

3.3 Purchase of Serviced Loans

Purchase of the Serviced Loans will be processed through two payments. The MPF Bank will purchase the whole loan and will assign the MSRs to the MPF Provider (if the MPF

Bank is not the MPF Provider). The MPF Provider will concurrently sell the MSRs to CMC Funding who will provide the SRP to the Selling PFI on behalf of the MPF Bank. The Selling PFI should contact their MPF Bank if payment is not timely received from CMC Funding. If the MPF Provider and the MPF Bank determine that CMC Funding will not fulfill its obligation to the Selling PFI on the MPF Bank's behalf, the MPF Bank will pay the Selling PFI the SRP.

3.3.1 Purchase by the MPF Bank

Purchase of the whole loan by the MPF Bank will be completed via the eMPF Website. The Selling PFI must sell to its MPF Bank each Serviced Loan in accordance with the MPF Guides. The Selling PFI may sell to the MPF Bank either i) newly originated Serviced Loans with the first payment due to SLS or ii) Serviced Loans with up to twenty-four (24) payments applied.

Upon determination that a Serviced Loan can be purchased as presented, the MPF Bank will initiate the funding of the loan asset amount to the PFI's main account at their MPF Bank. Typically, all transactions for the loan asset will occur on the same Business Day as the loan funding request. The purchase of a Serviced Loan will be confirmed with the Transaction Confirmation and Loan Funding Activity Report delivered to the Selling PFI on the Funding Date. The Transaction Confirmation and Loan Funding Activity Report will supply the Selling PFI loan level information and summary of the loan asset.

3.3.2 Payment for the MSRs

CMC Funding will make the SRP payment to the Selling PFI following the review and acceptance of the imaged Mortgage Loan File. CMC Funding will email a Funding Memo to the Selling PFI on a per Serviced Loan basis (Exhibit 2). The Selling PFI is to confirm the amounts in the Funding Memo and if the amounts are correct select the [Accept](#) hyperlink embedded in the body of the Funding Memo email. However, if there is an error in the calculation of the amounts the Selling PFI can select the [Reject](#) hyperlink. When rejecting a Funding Memo, supply a reason for the rejection and attach any applicable supporting documentation. An automated email will open with a pre-populated subject line. Note: Changing the subject line will result in delayed funding. CMC Funding will review the documentation and a new Funding Memo will be emailed to the Selling PFI for approval.

Upon receipt of the approved Funding Memo email, CMC Funding will wire the SRP payment, net of the required escrow balance and fees, on the CMC Funding Date as specified on the Funding Memo. Should the netting of the escrows and fees result in a negative amount, the Selling PFI must wire the amount owed to

CMC Funding within two (2) Business Days of receiving the Funding Memo as instructed in Exhibit 3.

The SRP to be paid for the MSRs with respect to the Serviced Loan will be an amount equal to the SRP percentage set forth in the SRP Pricing Schedule in effect on the date on which the Delivery Commitment covering such Serviced Loan was issued, multiplied by the amortized unpaid principal balance (UPB) of such Serviced Loan as of the Funding Date. If the amortized UPB is found to be incorrect, the SRP shall be adjusted and the payment will be made by the appropriate party. The SRP payment will be a net funding of the SRP purchase price minus total escrow balances and all related fees.

3.4 Servicing Transfer

The Selling PFI shall provide a Notice of Servicing Transfer (Exhibit 4) or a substantially similar form to the Borrower at Closing or at such time as may be required by RESPA and other Applicable Laws and regulations. The Selling PFI represents and warrants that all servicing transfer notices provided to the Borrower shall:

- Include accurate effective servicing transfer date;
- Include accurate and complete contact information for SLS: and,
- Comply with all Applicable Laws.

Prior to the transfer of servicing of the Serviced Loan, the Selling PFI will service the Serviced Loan in accordance with the MPF Guides.

3.3.1 Servicing Transfer Date

The effective date of servicing transfer (i.e. the date on which Serviced Loan payments should first be sent to SLS) is determined according to the following:

- Serviced Loans purchased on or before the 12th calendar day of the month will have the first payment due to SLS on the 1st day of the next month.
- Serviced Loans purchased after the 12th calendar day of the month will have the first payment due to SLS on the 1st day of the month following the next due month.

	Example 1	Example 2	Example 3
Funding Date	1/10/17	1/25/17	2/5/17
1st Borrower Payment Date due SLS	2/1/17	3/1/17	3/1/17

Servicing Transfer Date	2/1/17	3/1/17	3/1/17
-------------------------	--------	--------	--------

For all Serviced Loans with payments applied, the loan amount and escrow balances must be amortized appropriately at the Funding Date. The Selling PFI is responsible for any losses incurred if the Borrower fails to pay any payment due prior to the effective servicing transfer date.

Chapter 5 Servicing Provisions

5.1 Mortgage Loan File Delivery Time Frame and Stacking Order

Within seven (7) calendar days after the Funding Date, the Selling PFI must upload the Mortgage Loan File containing images of the documents listed in the Mortgage Loan File Checklist (Exhibit 5) for each Serviced Loan. The Mortgage Loan File is to be delivered utilizing the eMPF Website via the Upload Utility. The uploaded Mortgage Loan File will be automatically transferred to CMC Funding for review and CMC Funding will provide appropriate documents to its Subservicer SLS.

The Mortgage Loan File delivered electronically through the eMPF Website must be a .pdf. All documents should be saved into one file when creating the Mortgage Loan File. The PFI Document Upload tab can be found under the Upload header of the eMPF Website. Select "Servicing Transfer" from the Document Category menu. Select the applicable Serviced Loan. Under the "Servicing File Doc" browser, browse for the Mortgage Loan File. Once the Mortgage Loan File has been selected click the submit button for document submission. When the Mortgage Loan File has been successfully uploaded the current date will appear under the Servicing Doc column.

5.2 Review and Acceptance of the Mortgage Loan File

CMC Funding will review each Mortgage Loan File upon receipt from the MPF Provider in order to:

- Determine that all required data/documents have been provided;
- Review that the Mortgage Loan File and the Serviced Loan comply with the terms of this Manual; and
- Provide a Funding Memo upon review and acceptance of the Mortgage Loan File.

If CMC Funding determines that the Mortgage Loan File for the related Serviced Loan is not in compliance, the deficiencies will be cured as follows:

1. CMC Funding will issue a notification, via email, identifying deficiencies that will need to be addressed. If the deficiencies are determined by CMC Funding to be critical, the Selling PFI will have one (1) Business Day to correct the deficiencies. If the deficiencies are not critical the Selling PFI will have fifteen (15) Business Days to address the deficiencies. If a deficiency notification is due to missing documents the Selling PFI is to provide the identified missing documents through the PFI Document Upload Utility as instructed in section 5.1.
2. If the Selling PFI fails to cure the Mortgage Loan File deficiencies before the timeframe stated in the notice, CMC Funding will attempt to cure the deficiencies. If CMC

Funding or the MPF Provider incurs any cost while curing the deficiencies, the Selling PFI will be billed for such cost.

3. If CMC Funding is unable to cure the deficiencies in a reasonable time frame, CMC Funding will contact the Selling PFI to promptly cure the deficiencies.
4. In the unlikely event that the Selling PFI fails to respond and cure the deficiencies, the Selling PFI may be required to repurchase the Serviced Loan.

If corrections to the information in the loan level data are necessary, the Selling PFI must contact the MPF Provider regarding the corrections. Once the corrections are made, the MPF Provider will provide CMC Funding with the data corrections. The MPF Provider may be required to reverse the funding of the Serviced Loan that has been sold in order to correct the loan data. This will result in a new Transaction Confirmation and Loan Funding Activity Report for the Serviced Loan. If the correction affects the SRP paid, the adjustment to the SRP will be made by the Selling PFI to CMC Funding or from CMC Funding to the Selling PFI, if applicable.

5.3 Recorded/Final Documents

Within ninety (90) calendar days after the Funding Date, the Selling PFI must deliver the documents listed in Exhibit 6 (Recorded/Final Documents Checklist) to Bank of New York Mellon (see Exhibit 7 for address details). All Government Serviced Loans must receive Final Certification from the MPF Program Custodian within twelve (12) months of the Funding Date or as according to the MPF Guides. Proof of the Government Agency insurance or guaranty to complete Final Certification must be provided to the MPF Program Custodian in accordance with the MPF Guides and Section 4.4 of this Manual.

In addition to the delivery of the original documents to Bank of New York Mellon, the Selling PFI must also upload copies of the documents identified in Exhibit 6 to the MPF Provider through the PFI Document Upload Utility. Documents delivered electronically through the eMPF Website must be in a .pdf. All documents should be saved into one file for the Recorded/Final Documents.

The PFI Document Upload functionality can be found under the Upload header of the eMPF Website. Select "Servicing Transfer" from the Document Category menu. Select the applicable Serviced Loan. Under the "Final Doc Upload" browser, browse for the Recorded/Final Documents. Once the Recorded/Final Documents have been selected, click the submit button for document submission. When the Recorded/Final Documents have been successfully uploaded the current date will appear under the Final Doc column.

CMC Funding will monitor receipt of the original recorded/final documents and will notify the Selling PFI when documents have not been received within ninety (90) calendar days

of the Funding Date. It is the Selling PFI's responsibility to ensure that the information on the Recorded/Final documents (trailing documents) are correct before delivery.

Any questions related to the above may be directed to CMC Funding's Document Control team at Shipping@cmcfunding.com.

If the "Total Proceeds" amount from the Funding Memo is negative the Selling PFI shall wire the funds to CMC Funding within two (2) Business Days of receiving the Funding Memo.

If there is a shortage in the escrow balance based on the Selling PFI's error related to the escrow information provided in the Mortgage Loan File, it is the Selling PFI's responsibility to notify CMC Funding of the error and wire CMC Funding sufficient funds to cover any deficiencies of the Escrow Funds.

5.5.1 Escrow Accounts

5.6 Taxes

The Selling PFI must provide a complete and accurate Tax Information Sheet (Exhibit 8), or its equivalent, with the Mortgage Loan File for each Serviced Loan, regardless of whether or not an Escrow Account is established for the Serviced Loan. This information is required in order to monitor payment of taxes during Servicing. The Selling PFI is responsible for providing accurate Tax Identification Numbers for the subject property of the Serviced Loan. The Selling PFI must ensure that all delinquent taxes, taxes currently

due or related tax amounts due within sixty (60) days before or after the effective date of servicing transfer are paid. This includes but is not limited to, base tax amounts, penalties, interest, etc.

Please forward all tax bills to the address in Exhibit 7 under tax bills received by the Selling PFI.

The Selling PFI must make every effort to accurately determine the amount of taxes on the property, including contacting the appropriate tax authority, if necessary.

The Mortgage Loan File should include evidence of hazard insurance, with a mortgagee clause to CMC Funding. If an insurance policy is not in the name of CMC Funding, the Selling PFI may provide a letter requesting endorsement of the mortgagee clause in the form of Exhibit 9 – Hazard Insurance Notification.

The Selling PFI is responsible for paying all insurance premiums due within sixty (60) calendar days after the effective date of servicing transfer.

The Selling PFI is responsible for any loss incurred as the result of a casualty loss where the loss occurs prior to or on the effective date of servicing transfer of the Serviced Loan. In the event there is no evidence of insurance coverage on any Serviced Loan as of the effective date of servicing transfer for such Serviced Loan, evidence of insurance coverage shall be provided within five (5) Business Days of written request by CMC Funding. If evidence is not obtained, the Selling PFI will be responsible for reimbursing CMC Funding for the cost of obtaining the

necessary insurance coverage to the extent such costs are not otherwise due, collectible and payable by the Borrower under the Serviced Loan.

5.8.2 Flood Insurance
