## Upcoming Update to eMAQCS<sup>®</sup>plus Email Contacts

Beginning **May 5**, the email contact page in [eMAQCS<sup>®</sup>plus](#) will be updated. As part of this enhancement, cc email fields will be eliminated, and each email contact will be listed on its own line. Checkboxes will be used to indicate the specific types of email correspondence each contact will receive.

Using the steps below, please review your existing email contacts and make any necessary updates for each individual user or email distribution group. To help ensure timely receipt of communications, **we recommend using email distribution addresses where appropriate.**

### Reference

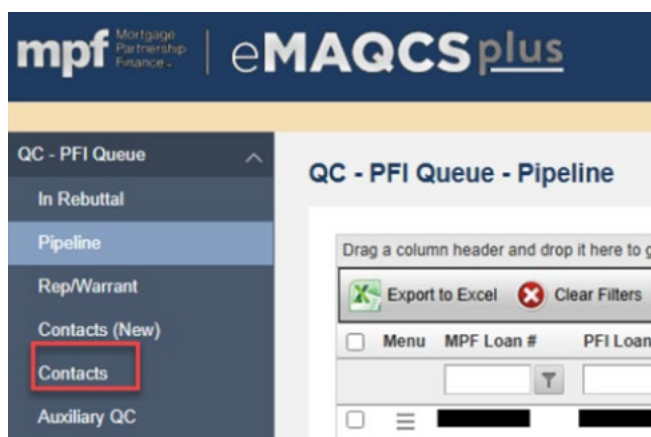

Please note you can access the [MPF Guides](#) and [MPF Announcements](#) on our [MPF Website](#).

Visit the [MPF Website](#) to review and register for upcoming complimentary [MPF Webinars](#).

### Follow Us

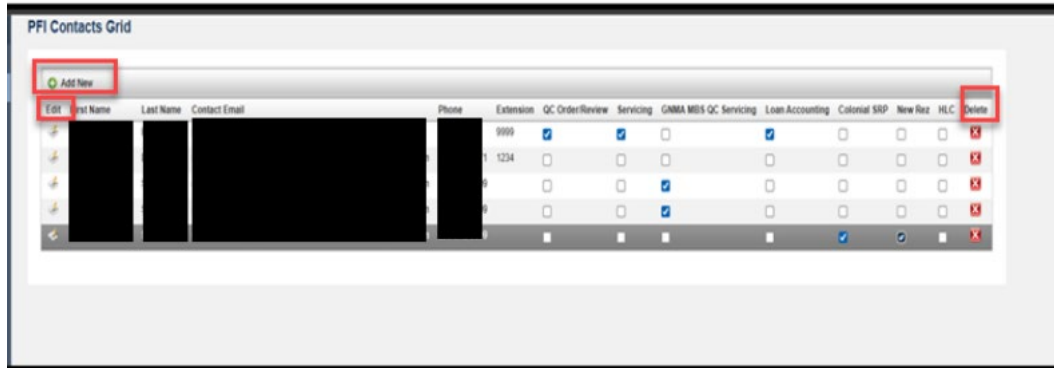

1. Log in to [eMAQCSplus](#)
2. Select **Contacts** from the left navigation bar

3. Review the current email contacts and associated email addresses
4. Any additional contacts will require separate lines

5. To add new contacts, select **Add New**

6. If individual updates are needed, select **Edit**
7. To remove contacts, select **Delete**

**Note:** As of the date of this update, PFIs will be responsible for managing their email contacts.

In addition, **Quality Control** email contact types will be combined into a single contact type. The current **Order** and **Review** contact types will no longer be maintained separately.

Thank you for taking the time to review and update your contact information.

For questions or assistance, please contact the MPF Service Center by using one of the following options:
